## Aims and objectives

Sheffcare is Sheffield's largest charity providing residential and day care for elderly and dementia clients, and has been at the forefront of social care developments in Sheffield since 1994. We have 9 registered homes across the city. We are able to support people 65 and over with a diagnosis of dementia or other care needs.

We are able to support adults between 50 and 65 with other physical care needs or care needs not limited to dementia.

In partnership with the individual, their family and associated professionals our pre-admission assessments and care planning processes ensure that we are able to meet the needs of the individual and ensure that our homes meet their needs.

We also carry out regular reviews in order to meet the changing needs of the residents. All Sheffcare homes use electronic care planning.

All homes offer home-cooked meals, and all hold a 4 or 5\* rating under the Chartered Institute of Environmental Health.

Sheffcare employs approximately 450 staff. All Home have a Registered Manager & employ a range of staff which include Deputy Managers, Team Leaders, carers, domestics, cooks, activity workers, volunteers, clerical and maintenance staff - 24 hours a day, 7 days a week to the residents of our 9 care homes across the city.

In addition to this SheffCare have a Central Support which includes Executive Team, Finance Team & admin which support the homes there is also Executive/Senior management on call support.

Our aim is to provide a homely environment. A place where residents and their loved ones have plenty of opportunities to participate in the life of the home. A place where bonds of true friendship develop between residents and our care staff. Above all, a place where our residents can feel safe & relaxed. After all, that is what “home” all is about.

Sheffcare adopts a person-centred approach to care and considers all residents as individuals, designing a personalised, person-centred care plan that is tailored to meet the diverse range of needs and requirements of each individual resident.

All senior staff adhere to the Sheffcare Leadership Charter

#### **4 SheffCare Values**

At our charity Sheffcare we aim for everyone to have a good day every day with:

- Kindness
- Dignity
- Respect
- Independence
- Choices
